

SLAM-BANG, FENDER-DENTING, WALL-SMACKING ACTION LOCAL TRACKS. LOCAL STARS. UP CLOSE & PERSONAL!

Dirt Track Racing is slam-bang, fender-denting, wall-smacking action that you get to experience close up at a track near home. You get the sights, the sounds, the smells, and all of the excitement - and at a price where you can afford to bring the whole family. Encompassing six U.S. states and three Canadian provinces, the WISSOTA racing region is filled with thrilling dirt track stock car action from April through October each year. Nearly 60 tracks are members of the WISSOTA Promoters Association, Inc., an organization of race track operators who work together to keep the sport alive and thriving in the region. You can't find this kind of racing on TV or on the internet, but you can find it at your local dirt track. Thanks for coming out - and come back again soon!
