Race Shocks, Tires & Transmissions Free Seminars

Friday, November 11 & Saturday, November 12

RACE SHOCKS Friday @ 1:00 p.m.

Marshall Fegers of QA1 & Carter Gerlach of Elite Shock Services

"We will cover the differences between twin tube and monotube shocks, basevalve technology, gas pressure and how it affects the car, linear vs digressive pistons, tie-down shocks, easy-up shocks, shock maintenance, and general shock absorber information. We will also have a Q & A session." - *Marshall Fegers*

RACE SHOCKS Friday @ 2:00 p.m.

Rex Merritt of Bilstein Shocks & Carter Gerlach of Elite Shock Services

"Along with Carter Gerlach of Elite Shock Services, I am going to cover when and why a racer would use a tie down or an easy up shock valving, and tuning with shocks. We will both be available to take questions from racers also, and regardless of the shock you use, we can help you understand and manage your shock program much better." - *Rex Merritt*

TIRE PREPARATION Friday @ 5:00 p.m. and Saturday @ 10:00 a.m.

Shannon Rush Of Hoosier Racing Tire

Shanon Rush, Product Manager from Hoosier Racing Tire Corporate in Lakeville, IN, will help you prepare for 2012 with tips to maximize the performance, longevity, and consistency of your Wissota Hoosier Tires. Topics to be covered include:

- * Proper Mounting Procedures Including Direction, Date Code, Chalk Mark, and Procedure
- * Grooving, Siping, and Grinding - Theory and Practice
- * Proper In-Season and Winter Storage and Cleaning
- * Air Pressure And How It Affects Your Race Car
- * What Tire Wear Patterns Mean And How You Can Affect Them
- * Specific Information On Wissota 35's and WRS-2's

There will also be plenty of time to address your specific questions in a Q & A segment after the seminar.

TRANSMISSIONS Saturday @ 11:00 a.m.

Tim Swanson of NATCO Transmissions

"I will help racers learn to mount transmissions properly and diagnose common transmission problems." - *Tim Swanson*

RACE SHOCKS Saturday @ Noon

Rick Fortune of AFCO & Bob Harris of RaceTech

"We're going to talk about different models of shocks in our product line and others, what's legal and what's not. We are going to review what we offer for Streets, Midwest Mods, Supers and Modifieds - when to use each one, when not to use a particular type of shock. We will provide information helpful to drivers whatever brand they use." - *Rick Fortune*
