

WISSOTA Driver Suits Sponsor Patch Placement Rules

All WISSOTA drivers must display the following sponsor patches in the designated location on their driver suits:

WISSOTA • Hoosier

Patches must be on the front of the uniform, somewhere below shoulder and above belt line OR on the front side of the arm above the elbow.

This is a **mandatory** program. Drivers will be checked regularly by track tech staff and visiting WISSOTA officials to ensure they are complying. **The penalty for not wearing required patches in proper location will be forfeiture of points and winnings for that event.**

It will be EACH DRIVER'S RESPONSIBILITY to see that they have their sponsor patches and that they are properly displayed on their drivers suit. If you need patches, it is YOUR RESPONSIBILITY to contact the WISSOTA office, the WISSOTA technical director or a track tech official to obtain the required patches for your suit.

PATCH LOCATIONS FOR DRIVER SUITS MANDATORY FOR ALL DIVISIONS

The diagram at right shows the preferred location for all WISSOTA and sponsor patches which must be **sewn** on the driver's suit.

- WISSOTA
- Hoosier Racing Tire

Patches must be on the front of the uniform, somewhere below shoulder and above belt line OR on the front side of the arm above the elbow.

Patches must be SEWN OR EMBROIDERED on driver suit. If embroidered, logos must be original shape and size.
